

台灣兄弟 購買快訊!

各位 **Brother** 愛用者請注意!

近來發現，市面上有些從海外平行輸入的 **Brother** 產品，外箱或機器上有標註“Factory Refurbished”，“Refurbished” 或是在產品型號前面加註“R”字樣。

這些標示即表示此產品“非全新品”，而是曾經開箱使用過的整新品，敬請各位消費者在購買前多加留意。

(台灣原廠的整新品，型號前會加註 RFPK。)

Dear Brother Customer:

We have realized that some Brother parallel import products in the market have following indications on the carton box or on the machine -

“Factory Refurbished”, “Refurbished” or “R” in front of the model name.

These indications mean that product is **NOT** brand new, but had been “opened box” and reworked.

Please pay your attention before purchasing it.

(Taiwan refurbished items will mark RFPK in the model name.)
